Professional Summary

Frontend Developer with hands-on experience building responsive, accessible, and performant web applications. Skilled in React, HTML, CSS, JavaScript, and Python, with practical experience in Supabase and PostgreSQL. Demonstrated ability to deliver freelance and client projects, troubleshoot bugs, and improve user experiences. Passionate about clean code, cross-browser compatibility, and scalable frontend solutions.

Core Skills

- Frontend Development: React, HTML5, CSS3, JavaScript, TypeScript (basic), Responsive Design, Cross-Browser Testing
- Programming Languages: Python, Java
- Styling & UI: Tailwind CSS, CSS Modules, Figma → Functional UI Conversion
- Database & Backend (Basic): Supabase, SQL PostgreSQL
- Tools & Workflow: Git, GitHub, Vite, Webpack, npm/yarn
- Professional: Problem Solving, Collaboration, Remote Communication, QA & Testing

Experience

Frontend Web Developer – Ouicestnous | Remote | Dec 2022 – Jan 2025

- Built and maintained responsive web applications using HTML, CSS, and JavaScript, translating Figma designs into functional React components
- Implemented cross-browser and mobile testing, improving UI consistency and usability
- Leveraged Git/GitHub for version control and team collaboration
- Documented bugs and fixes, reducing client-reported issues by 30%

Quality Assurance Engineer – Civil Designer | On-site | Nov 2023 – Dec 2023

- Executed 100+ functional and regression tests across multiple web applications
- Identified, logged, and tracked bugs, improving testing workflow efficiency by 20%
- Tested UI responsiveness and user flows, ensuring a smooth cross-device experience

Education

- National Diploma in Software Development – WeThinkCode_ | 2025 – Present
- Bachelor of Technology (BTech) – Civil Engineering | Cape Peninsula University of Technology | 2023
- National Diploma – Civil Engineering | Cape Peninsula University of Technology | 2017 – 2020

Achievements

- Successfully delivered freelance projects to real clients with high satisfaction
- Self-taught frontend tools and frameworks, bridging software development with web design
- Developed strong problem-solving and testing skills to deliver bug-free interfaces
