

# Dieudonne Kolony

Web Developer & HTML Email Designer

+27 (0) 71 590 7431 | [Dieudonne.Kolony@outlook.com](mailto:Dieudonne.Kolony@outlook.com) | [linkedin.com/in/d-kolony/](https://linkedin.com/in/d-kolony/)

*"Be the change you want to see in the world"*

## Professional Summary

Detail-oriented web developer with 2+ years' experience designing and coding **responsive websites, reusable templates, and email-integrated forms**. Skilled in **HTML5, CSS3, and responsive design principles**, with strong proficiency in **Photoshop, Illustrator, and Figma**. Adept at transforming client briefs into **pixel-perfect layouts** and ensuring cross-device optimisation. Currently expanding skills through a Fullstack Web Developer course, seeking to bring **technical expertise, design creativity, and attention to detail** to a Junior HTML Email Designer role.

## Technical Skills

- **Email & Web Development:** HTML5, CSS3, JavaScript, React, WordPress, Responsive Design, Cross-Browser Optimisation
- **Design Tools:** Photoshop, Illustrator, Figma, Dreamweaver (basic)
- **Data & QA:** Python (basic), SQL (basic), Excel, Data Validation, Testing
- **Version Control:** Git/GitHub

## Experience

### Frontend Web Developer (Freelance) | Ouicestnous

Dec 2022 – Jan 2025

- **Designed and coded responsive web layouts and email-integrated forms**, ensuring consistent rendering across devices and browsers.
- Built **reusable templates and UI components** to accelerate project delivery and maintain design consistency.
- Created **marketing assets (banners & graphics)** using Photoshop and Illustrator, aligned with brand guidelines and client requirements.
- Collaborated with designers and developers to deliver **user-friendly interfaces**, improving usability and client engagement.

### QA Engineer | Civil Designer

Nov 2023 – Dec 2023

- Executed **100+ validation and regression tests** on front-end systems, ensuring layout consistency and cross-browser functionality.
- Resolved **20+ design and workflow issues**, improving stability and visual accuracy across platforms.
- Partnered with developers to streamline **debugging and optimisation**, reducing issue turnaround time.

## Education

### Cape Peninsula University of Technology

- Bachelor of Technology in civil engineering

Jan 2023 – Dec 2023

- Natonal Diploma (ND) in civil engineering

Jan 2017 – Dec 2020
